Legal Services for Children, located in the Wai`anae Coast Community Center, was formed to educate, provide support and legal representation for parents and caregivers, who have concerns about their special needs children. We assist parents and caregivers, who feel their child's rights have been violated under the Individuals with Disabilities Act, known as IDEA, or section 504 of the Rehabilitation Act. Our local office is able to provide a voice to families in need of legal assistance. Please feel free to tour our site and learn about your and your child's rights under IDEA.

Our Mission

Our goal is to have each child receive a free appropriate public education (FAPE). To represent parents and caregivers of special needs children whose rights stipulated under IDEA and Section 504 have been violated.
